December 21, 2018

Dear Neighbour,

As the development manager for the proposed Bull Trail Wind Power Project (Project), I want to thank you for your ongoing interest in the Project and for attending our community open house in Irvine, Alberta on June 14th, 2018. Your input is greatly appreciated.

EDF Renewables Canada Inc. (EDF RC), owner of the proposed Project, believes in developing lasting partnerships with the local community. As such, we strive to be a good neighbour by providing ongoing updates to our stakeholders regarding the Project and keeping the community informed.

In 2018, the Alberta Electric System Operator launched the competitive procurement program, Renewable Electricity Program Round 2 (REP2). We submitted bids for this Project to REP2 in 2018 and unfortunately, we were not awarded a contract in December 2018. While we were not successful in REP Round 2, we will be continuing development in 2019.

We have updated our Project schedule in **Table 1**, below, to reflect the modified Project schedule.

Table 1: Anticipated Project Schedule – Updated Information

Milestone	Updated 2019 Timeline
Project mail-out #2 to potentially affected stakeholders	Q1 2019
Project open house #2	
Submit environmental evaluation to Alberta Environment and Parks (AEP)	Q1 2019
Receive a Renewable Energy Wildlife Referral Report from AEP	Q2 2019
Submission of Alberta Utilities Commission (AUC) application for review and approval	Q2 2019
Anticipated AUC approval	By Q1 2020
Anticipated start of construction	Q3 2020
Anticipated commercial operations	Q2 2021

We will provide you with further Project updates in January 2019, and will continue to engage with the community, landowners and local government in the coming months and years. From the entire team at EDF RC, we hope you enjoy the holiday season and have a Happy New Year.

CONTACT US

If you have any questions or concerns regarding the Project, please feel free to contact me by email: bulltrailwind@edf-re.com or toll free at: 1-844-55-EDF-EN / 1-844-553-3336. For more information on the Project, please refer to our website at: www.bulltrail.ca.

Sincerely,

David Warner
