

HOMER
solar energy center

YOU'RE INVITED
to our **COMMUNITY OPEN HOUSE**

TUESDAY, FEBRUARY 4, 2020

12–3 pm | Ramada Cortland Hotel & Conference Center
2 River Street, Cortland, New York 13045

Join the EDF Renewables (EDFR) team at a community open house where we will provide more information on the Homer Solar Energy Center, located in the towns of Homer, Solon and Cortlandville. The proposed project will provide economic benefits to the region and generate up to 90 MW of renewable energy, which is enough to power more than 20,600 New York households.

EDFR experts will be available to discuss the project in an open house-style format with no set schedule. The public is welcome to join at any time.
